Map Integration

Risk Analysis

Top Open Risks and Issues

Risk	Impact	Likelihood	Mitigation Status
Delay in backend development	High	Medium	Implemented
Data quality or availability issues regarding room schedule	Low	High	Proposed

Risks by Category

Schedule	1
Data	1
Technical	0
Resource	1
Stakeholder	0

Risks by Mitigation Status

None	0
Proposed	1
Implemented	2
Effective	0

Decisions, Deadline & Scope Changes

Recent Notable Decisions

Decision Made	Impact On Project	Description
Tech Stack	High	Decided on Tech Stack. React for frontend, Javascript with Node JS for the backend. We will use SQLite for the database. To work with the map we will use Leaflet, a third

Impactful Deadline Changes

Deliverable	New Completion Date	Original Completion Date
Test Deliverable	10/22/25	10/06/25

Recent Scope Changes
